Orange County remains steady over the month, loses 70,800 jobs over the year

The unemployment rate in the Orange County was 9.2 percent in June 2009, up from a revised 8.8 percent in May 2009, and above the year-ago estimate of 5.2 percent. This compares with an unadjusted unemployment rate of 11.6 percent for California and 9.7 percent for the nation during the same period.

Between May 2009 and June 2009, total nonfarm wage and salary employment showed no overall change, remaining steady at 1,425,000 jobs.

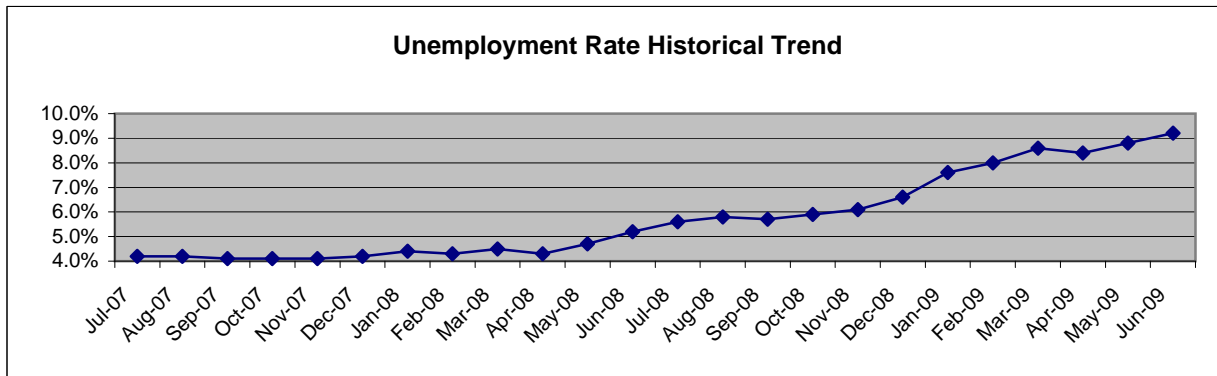

- Government posted the largest month-over decrease with an overall loss of 1,400 jobs. Federal and state employment showed no change over the month, whereas an increase of 500 jobs in city government was offset by a loss of 1,900 jobs in local government education, due in part to employment cutbacks during the summer recess.
- Educational and health services declined by 800 jobs with losses of 500 jobs in educational services and 300 jobs in ambulatory health care services.
- Professional and business services reported a gain of 1,000 jobs. Scattered gains and losses resulted in an overall gain of 300 jobs in professional, scientific and technical services. Management of companies added 100 jobs and the administrative and support services sector added 600 jobs overall.
- Leisure and hospitality grew by 700 jobs overall as the employers continued ramping up employment for the summer tourist season. Construction added 600 jobs overall.

Between June 2008 and June 2009, total nonfarm wage and salary employment declined by 70,800, or 4.7 percent.

- Trade, transportation, and utilities reported the largest year-over decrease with an overall loss of 18,900 jobs. Nearly 55 percent of the decline was reported in retail trade (down 10,300 jobs), 40 percent was in wholesale trade (down 7,600 jobs) and 5 percent occurred in transportation, warehousing, and utilities (down 1,000 jobs).
- Construction payrolls declined by 12,200 jobs over the year. While cutbacks occurred in every sector, 81 percent of the job losses were in the specialty trade contractors sector.
- Professional and business services posted an overall loss of 11,600 jobs with 58 percent of the decline in administrative and support services, which includes temporary help firms.
